INTRODUCTION

This is GIE

Greenwich International Education wants every learner to have an amazing experience when they are with us - in the school, the classes, accommodation and when going out in the local area and seeing parts of the UK.

Our goal is for our students to enjoy a language course which will not only help them to communicate better in English but also learn about the country they are visiting. Every programme is very busy with classes, activities and trips and we hope that each individual learner will become more confident in using English every day and at the end of the course they will give a presentation in class showing off what they have learned about the UK.

Our programmes support young learners aged from 12-17, of any language level or goal. All our classes are taught by Greenwich International Education teachers, with activities to learn with other students, and a full social programme. Your child will learn in a fun, creative way and build friendships for life. Students are divided into classes by age and by their English language level so that your children can mix with others of a similar age and language ability. All students are given an initial assessment to make sure they are placed in the best class for their needs and ability. We want every child who studies with Greenwich International Education to have a life changing experience where they develop their English skills, discover the UK, build life-long friendships and develop knowledge that will help them throughout their lives.

We have tried to include as much information as possible, but if there is anything you would like to ask or have any specific requests then please do not hesitate to contact us at sales@greenwich-international-education.com

"Bringing the world together through language education."

- Callum Palmer

OUR PROMISE

Greenwich International Education aim to provide great value programmes for a global community to help learners succeed in achieving their life goals. Using modern methods and showing commitment to each individual Greenwich International Education promotes a positive, inclusive learner-centred environment where providing a quality education experience leads to individual achievement. We are committed to providing a full range of student support services that help and inspire our students to develop and learn in a safe, enjoyable and positive environment.

Provide great value

We aim to provide an education business that meets our customer needs. Our programmes are put together to deliver a professional, high quality experience for all at a reasonable price.

Safe and secure

All our staff are trained in welfare and safeguarding and we do all we can to ensure our camps and online classrooms are a safe environment where students are respected and valued.

Modern and innovative

We embrace change to ensure we are flexible and able to adapt to all modern teaching and learning needs. All our online teachers are fully trained in delivering communicative lessons in an online environment.

Quality teaching

We value skilled educators as we know they develop skilled learners. We aim to attract, develop and retain the best online and in-school teachers. Our academic team is focused on making the students' experience of learning English a fun, rewarding and enjoyable one.

Groups

We can provide inspirational online and face to face learning programmes to groups. We specialise in developing bespoke programmes for groups in all areas of English language learning from General English to exam preparation or Business English.

Care and support

We provide 24/7 support for all our students both in camp and online. There is a 24/7 emergency contact number and our staff care about every individual and know that being available to speak to and be listened to is a key part of our commitment to every student.

Learn more than just English

Our programmes are about much more than just grammar and vocabulary. We want our students to form a global community, encouraging learning about life and culture in the country they are studying whilst actively promoting the value of kindness and mutual respect.

Discover Britain

We provide excursions from our camps that allow students to see and learn about the countries they are studying in, connecting the language to the place. We believe in inspiring language learners by getting them excited and interested in the cultures of the country they are visiting.

Learn when you want to

We can provide online lessons all year round at a time that suits you no matter where you live. We believe in being flexible and providing teaching that meets every student's needs. We are part of a global community and we aim to meet global needs.

ACADEMIC OUTLINE

Learn English and more

Our classes focus on all English language skills and get every student speaking a lot. They will also learn about the life and culture of the country they are staying in, so students will get a better understanding of the UK depending on where they are staying, whilst becoming better English speakers.

Every class is based around a topic and theme linked to British life and culture and students learn how to use the English language in everyday, true to life situations. English is the only language always used in the camps. To be fully effective, lessons at Greenwich International Education are challenging, interactive and great fun! Our teachers will use a range of teaching techniques to ensure students can participate fully in the classroom and have continued opportunities to learn, improve and practise, practise, practise. Students are divided into classes by age and level so that your children can mix with others of a similar age and language ability. Every class is taught by two teachers, one before the break and one after so that students enjoy a range of teaching styles and get to experience more than only one teacher.

How we Teach

Students will be learning in many ways and we will try to make sure that lessons help them get the most out of their excursions around the UK that are an important part of our programme. We will teach English that will help them find their way around, learn about the museums and famous places they visit and language that will help them enjoy their time here. Classes will include information about British culture, famous people and sports. We want everyone to go home not just with better English but with a better understanding of Great Britain.

- UK Culture theme - based curriculum
- communicative activities
- vocabulary building
- pronunciation practice
- language games
- role - plays
- developing learning skills
- delivering a presentation
- engaging and friendly teachers

Project-based Learning

At the end of each week each student delivers a presentation showing off what they have learned from their lessons, excursions and activities. This final project is worked on throughout the week and encourages the students to think creatively and put into active use everything they have learned. The final presentation provides a goal for every student and encourages independent thinking and allows each learner to focus on things they care about and are inspired by whilst activating all their English language skills. This project-based approach means they are developing valuable life skills as well as their English language.

All our teachers are qualified (e.g. a minimum of the Cambridge CELTA plus a degree) and are also trained by Greenwich International in how to use our syllabus and get the best out of every lesson. We care about every individual and want them to achieve their learning goals.

All students receive a certificate and an individual learning outcomes report written by their teachers at the end of their course.

EXCURSION & ENTRANCE DESTINATIONS

Here are some examples of the most popular locations that students visit on our social programmes. Please see the sample timetables for each location for the full programme.

 Selected excursion & entrance pictures

SOCIAL & CULTURAL ACTIVITIES

Social Programme

After each lesson your child will enjoy an activity or excursion, all designed to get children enjoying themselves whilst using their learned English. There are lots of activities for students to socialise and learn with each other including excursions so students can see and learn about the UK. These excursions are often linked to the days lesson topic.

We provide excursions from our camps that allow students to see and learn about the UK connecting the language to the place. We believe in inspiring language learners by showing them what makes Britain great.

Activities include karaoke, quizzes, discos, talent shows and game nights. Using the English language in these fun and engaging sessions helps each learner to really use and remember everything they have been taught. Students might discover a hidden talent or try something completely new and they are the perfect time to practise their English with their new international friends.

Our unique, task-based learning means that everything students do and see outside the classroom can be used in their final presentation. Our aim is for every child to learn both in and out of the classroom whilst they are with us.

Activities and Excursions

The activities, excursions and entrances listed for each centre have been carefully chosen by our Operations team. Optional trips and entrances are available upon request and additional charges will apply. Please speak to our sales team for further details.

Cultural Programme

Excursions are often to another town or city where students will learn about the history and culture of each location. These trips are typically in a private coach but can sometimes be by train. Students are supervised throughout the trip and are given clear instructions of where to meet and at what time during the day. If you study in London, you might get a day at the seaside in Brighton or a trip to Oxford to see the oldest university in the UK. However, if you study in Brighton you will visit the capital city itself, London, with its fantastic mix of culture, historical buildings and modern architecture.

All of these trips outside of the classroom are carefully managed and organised by GIE's Activity team with students' safety always the priority. Led by the Activity Manager and his/her team of Activity Leaders who make sure everyone is included and maximum enjoyment is had. Our management team are all experienced and trained in safeguarding and first aid. Our Activity Leaders also receive safeguarding and risk assessment training.

CAMPUS FACILITIES

University Campuses

While two University campuses are never the same, we carefully select our summer centres to ensure they offer the high standards that GIE demand and so will allow students to have a great experience they will never forget. We offer a range of locations that will suite every taste; In Brunel University you are less than 60 minutes from central London, whilst at the University of Brighton, you are a short bus ride away from the beach and vibrant town centre.

Our centres all offer modern facilities and as safeguarding is our number one priority, are in safe surroundings. They are all within easy reach of public transport or within walking distance of town centres. Some of the other facilities, such as sports and other options vary but there are many communal areas for students to relax in and a good selection of cafes and shops on campus. All our sites offer Wi-Fi access, so everyone can keep their social media up to date!

Accommodation

Students will stay in either en-suite or standard rooms. All the bedrooms have a bed, wardrobe, desk and chair. En-suite rooms offer the luxury of a private bathroom. For those who stay in standard accommodation bathroom facilities are shared. The ratios can vary, but on average it is one bathroom for every 3 people. All bedrooms and bathrooms are cleaned weekly, which includes a change of bed linen. Bedrooms are part of a flat, these flats can vary from 4 to 8 individual bedrooms, but all have a kitchen and communal area, which can be a great place to relax at the end of the day. The kitchens are not functional except for the use of fridges. There is always an on-site laundry where students can wash their own clothes, the costs vary but it is approximately £5 per wash and dry.

Classrooms

All the classrooms are equipped with whiteboards (many are interactive or digital nowadays) and are large enough so that students can break out to do group work. All the material is provided for the students and they are each given a folder to keep their work, so that they can continue their studies after the course.

We know how important food is for young people, especially when they are away from home. We always aim to offer a wide variety of food in both residence and homestay accommodation.

Residence

- For breakfast, there is a continental breakfast of cereal, bread, fruit and yogurt, along with juices and a selection of hot drinks.
- For lunch and dinner, there is a hot meal, including a vegetarian option, with side dishes. A salad bar is always on offer with fruit, salad vegetables, and either cold meat, cheese or eggs.
- On excursion days, we provide a packed lunch/meal with a filled sandwich, fruit and a drink.

Breakfast

- » Selection of cereals
- » Toast and preserves
- » Boiled egg
- » Cheese and meat slices
- » Natural yoghurt
- » Fresh fruit
- » Tea and coffee
- » Fresh fruit juices

Lunch

- » Soup (V)
- » Chicken (barbecue etc...)
- » Pasta
- » Pizza
- » Omelette (V)
- » Rice
- » Vegetables
- » Salad bar
- » Fresh fruit and yoghurt
- » Fresh fruit juices

Dinner

- » Chicken soup
- » Fish and chips
- » Lasagne
- » Quiche (V)
- » French Fries
- » Potatoes
- » Vegetables
- » Salad bar
- » Fruit crumble and ice cream
- » Fresh fruit juices

NB: We are happy to cater for special dietary requirements (vegetarian, halal, coeliac, nut allergy etc.) if we are notified of the requirement at the time of booking.

SAFEGUARDING, WELFARE & COVID COMMITMENT

One Commitment

At Greenwich International Education we have students and staff from all over the world and we want all our students to feel comfortable, happy, safe and free from discrimination. The happiness, welfare and progress of every student and member of staff in our summer camp is our top priority. Every student and member of staff should show respect to each other regardless of any differences. We are an international community, and we believe in celebrating any differences we have and learn from each other.

Safeguarding and Welfare

At Greenwich International Education our priority is doing everything we can to make every student's experience the best and safest it can be.

Students can learn English, have fun and boost their confidence, all within the safety of our care.

All our staff are DBS checked and trained in Prevent Duty, welfare and safeguarding as well as how to care for students 24/7.

There is a 24-hour emergency contact phone number, and our staff care about every individual and know that being available to speak to and be listened to is a key part of our commitment to every student.

Safety and security in and outside the camps is very important. We have policies and procedures that we follow to keep everyone safe, including fire safety, first aid and what to do in emergencies. All these policies are available to students and parents. Our Student Handbook and inductions for every student make it clear what every student needs to do to have a safe and fun time while with us. We also do a short test with every student to make sure they understand the rules and know who they can speak to if they have any worries, concerns, problems or feel homesick.

Our camps are for junior students aged 12-17. We occasionally receive requests for students outside of our minimum/maximum age range who wish to come as part of a group. We review each of these special requests individually and undertake a risk assessment to ensure it will not negatively affect the safeguarding and welfare of anyone in our centres. Final decisions will be made by the Designated Safeguarding Lead and the Admissions Team will notify the requesting party of the outcome.

COVID Commitment

Covid has had a dramatic impact on summer camps over the last two years but thanks to the roll-out of Covid vaccinations we all believe that we will have a happy and healthy 2024. We continually assess the Covid situation and regularly update our Covid Risk Assessment. We are guided by the UK Government and Public Health England and abide with their rules and regulations. When we open our centres we will comply to the guidelines at the time and the preparation to run in person courses will include:

Staff training

All our staff will have additional covid training and the Welfare Officer in each centre will also be our Covid Coordinator.

Student Induction

Before students arrive on campus they will be sent an information pack so that they arrive in the UK, in the full knowledge of the latest procedures (which may be different to that of their home country).

Potential Rules

Students and staff can expect any or all of the following procedures in place while in the UK:

- Mask wearing in any indoor environment, from arriving at the airport, travelling to the centre by coach and in the classroom. Exceptions will be in student's bedrooms and in the canteen for meals.
- Regular temperature checks e.g. before meals and activities
- Changes to some parts of the activity programme e.g. no discos and more outdoor options

Confirmed Cases

In the event of a confirmed case there will be a robust procedure of self-isolation for those effected. As all our students are covered by our insurance policy, this includes cover that will pay for additional medical help and flights if the those in self-isolation can't leave the centre on their planned departure date.

GIE are here for your safety and well-being. We will continue to monitor the situation very closely, keeping students, families and agents up-to-date. If you have any concerns at all, please speak to us.

UNIVERSITY OF BRIGHTON BRIGHTON

The University of Brighton is one of the most desirable destinations to experience a summer programme. With its stunning seaside location, unique shopping, famous nightlife and close proximity to London, Brighton has long been one of Britain's most popular places to live and study. Brighton is exciting, multicultural and vibrant. A city that is both large enough to contain everything that you could want; shopping, restaurants, and an entertainment scene that attracts tourists from across the UK, but still small enough to feel like a real, friendly community. Alongside popular tourist attractions like the Royal Pavilion, Brighton Pier and the Lanes shopping area, culture is a big part of Brighton.

BRUNEL UNIVERSITY LONDON

Brunel University London is located in Uxbridge, an area of West London. It was founded in 1966 and named after the legendary Victorian engineer Isambard Kingdom Brunel. An impressive, single site university, everything is within a 10-minute walk and the campus has all a student would need close by, ensuring an easy and safe student life. Uxbridge has a direct tube service to the heart of London and all the world-famous sights and landmarks that every student visiting the UK would like to see.

OXFORD BROOKES UNIVERSITY OXFORD

Oxford Brookes University is a hugely popular university site with award-winning facilities that offers the best-in-class learning experience to students. Oxford is an international centre of learning, and as such it draws people from all over the world to study and live in the city. One of the most famous university cities in the whole world, Oxford is a beautiful and historic city, international in its influence and in its people. Situated in the south of England, only an hour's train ride from London, it is surrounded by lush, picturesque British countryside.

HIGH SCHOOL UK Cultural Exchange Programme

Why Choose the Cultural Exchange Programme?

- The Cultural Exchange Programme gives students the opportunity to immerse themselves into British culture and lifestyle by living with a local family and attending a traditional British School.
- Live in one of the top choice language travel destinations in the UK, and you can experience the history and charm of our famous destinations on the Cultural Exchange programme. Our destination towns include Brighton, Bournemouth, Oxford and Edinburgh.
- Our host families are very experienced in welcoming international students and love to help them develop their cultural understanding. We pay our families a daily fee hosting and organise regular screening to ensure families remain at a high standard and follow our safeguarding protocols.
- Students attending the Cultural Exchange programme will attend a local state high school alongside British classmates. They will have the chance to share their culture with new classmates and develop lasting friendships.

Cultural Exchange City Choice?

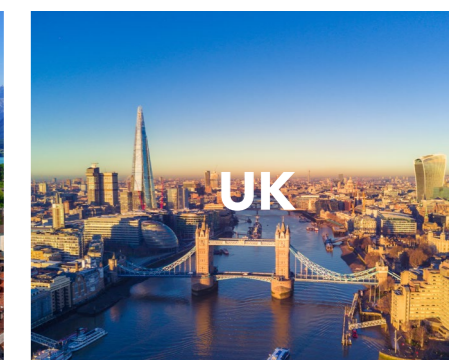

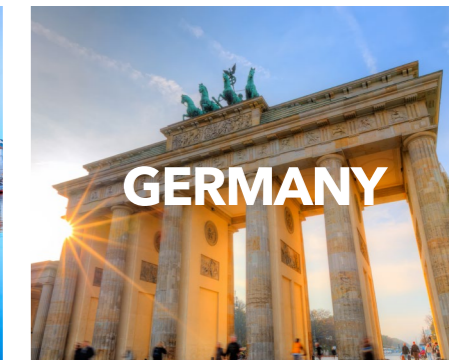

- Students have the option to select the area they would like to be placed. The City Choice allows students to select Brighton, Bournemouth, Oxford or Edinburgh as the area for family and school placement, and is a great tool to unlock the tailored experience each student is looking for.

OPTIONS AND CRITERIA

Age range	16-18 years
Programme duration	1 term or 1 semester (up to 6 months)
Academic background	Average 'C' grade or better across core subjects
Academic background	Intermediate (B1) or higher
Status	All Nationalities

OTHER HIGH SCHOOL Destinations

Our High School programmes offer a truly world-wide range of destinations and school types, ranging from state schools and FE colleges to private boarding schools. Typically boarding schools also allow for a wider range of ages and can accommodate younger teenagers. High Schools offer an extensive range of subjects from traditional academic options to more vocational subjects. Students can study for a full academic year to get formal qualifications in their chosen subjects. Alternatively many of these destinations also offer term or semester options. In Europe students can also study in non English speaking countries.

OPTIONS AND CRITERIA

Age range	16-18 years
Programme duration	1 term, semester & academic year programme
Academic background	Average 'C' grade or better across core subjects
